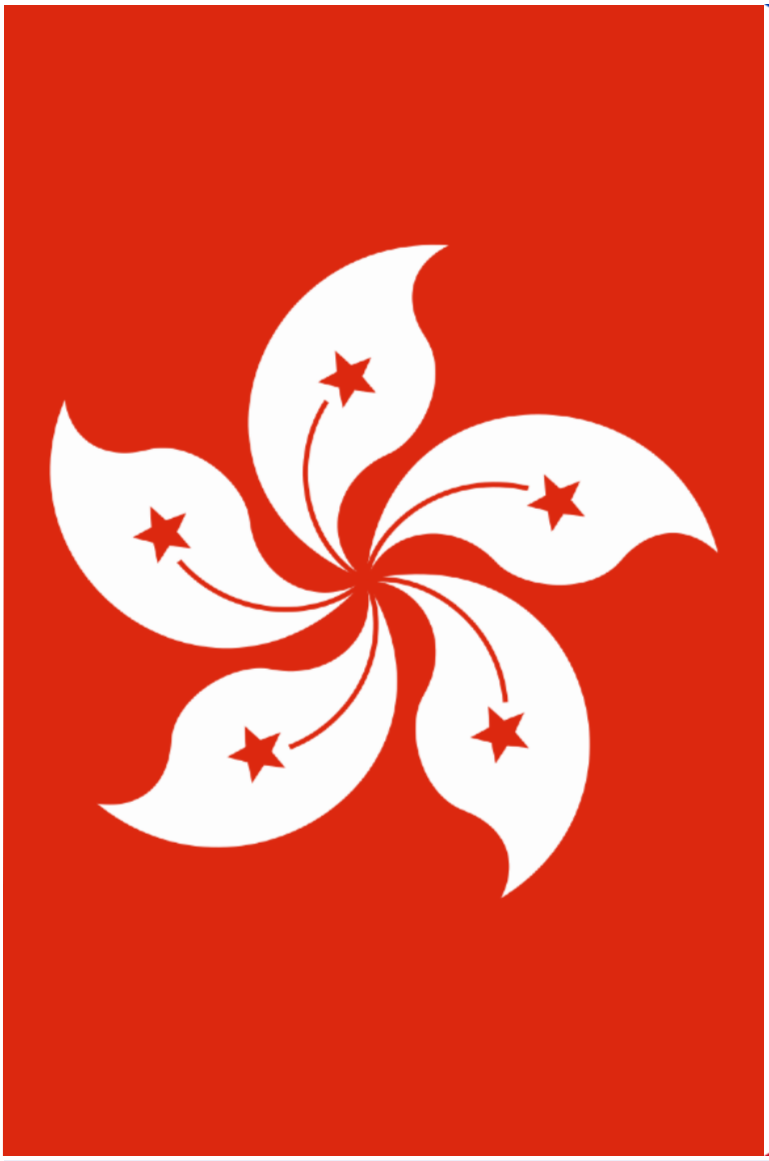
NAS Productions, Inc. presents…

New America Singers

Summer Tour 2018



Hong Kong & Philippines

NAS will accept video auditions, with recommendations, for ages 14 - 21. Details @ NewAmericaSingers.com

HISTORY

Since 1969 the New America Singers have trained over 4,000 bright, talented, caring young people to be positive "world changers." We provide professional level programs featuring our fully choreographed performing groups combining music, dance, drama, comedy and puppetry...but we are so much more than a musical production team! We build future leaders, role models, men and women of character who are enthusiastic about making our world a better place. Sometimes we also provide sports camps, basketball teams, construction teams, or teach English classes...whatever the need at the time.

The Singers have shared their message of Hope and Love for nearly 50 years with audiences throughout the USA, Canada, Mexico, Puerto Rico, Argentina, Brazil, Venezuela, Peru, England, Scotland, Wales, Germany, Switzerland, Holland, Poland, Austria, Italy, the Czech Republic, Zimbabwe, China, Korea, Singapore, Australia and New Zealand. In Public Schools, Conventions, Military Bases, Theme Parks, Civic Meetings, Cultural Centers, or Churches...they are always met with enthusiasm...and always asked to come again! Our Singers have moved on to become leaders in government, education, sports, professional music, business, missions and ministry...all people making a difference!

PURPOSE

We train young people to change the World. We are proud of our country, but we are always working towards a “New” and better America. We feel the same way about our amazing world…blessed to be here, but excited to do what we can and change it for the better. With this in mind, we train our kids to develop leadership skills, communication skills, counseling skills, an understanding of cultures, how to genuinely love and empathize, and how to be a true friend. Then, with the people that we encounter overseas, we share a message of Hope and Love, and how God can guide them through life.

If you know any young people between the ages of 14 and 21 that are willing to let God use them this Summer, contact us ASAP! Remember, along with performing for Public School assemblies, Military Bases, and International Conferences, we have also hosted Sports Camps, assembled Construction Teams, partnered with Schools and Organizations to teach English, and many other forms of outreach that served the needs of the people. God sends us many different kinds of young people because there many, many, different kinds of people in this world who need to be loved! We look forward to any help you can be in sending new Singers our way. For nearly 50 years, people like you have helped us train young leaders and send them out into this amazing world. Thank You!

Hong Kong, our home away from home

and one of our favorite places to be. We have been hosted by Youth for Christ in Hong Kong for 16 years now, and we can't wait to go back. Ancient monasteries and towering sky scrapers, tranquil gardens and bustling street markets, prayerful church congregations and screaming student audiences, and exotic delicacies and good ol' McDonalds… this is one amazing City that you will never forget. We will feed the hungry, help those in need, encourage the troops, inspire the faithful and entertain students… all with a message of Hope and Love that will change their loves forever.

Philippines, a beautiful land a beautiful people

and possibly the most friendly country on this planet! In 2016 we were blown away by the exotic and gorgeous environment, the warm welcome from the people, and the energy from the students we got to know. From the delicious tropical foods and the breathtaking scenery, to the genuine smiles from the kids and the hard work and love from our hosts… the Philippines is an amazing land with an ancient history, a strong Christian faith, and a hospitality that is second to none. We will work hard to entertain, encourage, and inspire our audiences in schools, churches, and public venues.
